MUDA 50:50 sites scam

23 MUDA sites allotted for just Rs. 3,000 each

- Sites registered in the name of realtor, though he did not own any land that was acquired by MUDA
- Complaint with Lokayukta on Nov. 1, 2023, but no action; issue brought to PM Modi's attention

New stink in MUDA Scam

Ravikumar

Mysuru, Dec. 8 (BCT)- A real estate entrepreneur has been illegally allotted 23 sites worth crores of rupees for just Rs. 3,000, though he did not own any land acquired to form layouts. The allotment was made through forged documents via a sale deed by former MUDA Commissioner G.T. Dinesh Kumar.

This has been brought to light by city-based advocate V. Ravikumar, who has now written to Prime Minister Narendra Modi regarding the issue. Social activist K. Krishna from Mysuru filed a complaint with the Lokayukta Police regarding this corruption on Nov. 1, 2023, but even after a year, no action has been taken.

Krishna highlighted that Additional Sub-Registrar Kavya caused a loss of crores of rupees to the State Government by registering sites worth crores of rupees for just Rs. 3,000 each, collecting a nominal registration fee of Rs. 600 per site.

Details of the case

According to the complaint filed with the Lokayukta, Dinesh Kumar, through MUDA Special Tahsildar Shivakumar, facilitated the registration of 23 premium sites measuring 30x40, 40x60, and 50x80 in Mysuru's Vijayanagar and Dattagalli Layouts, valued at crores of rupees, to real estate entrepreneur N. Manjunath.

The registrations occurred on April 5, 6, 18, and April 19, 2023. Each site, worth over Rs. 1 crore, was priced at just Rs. 3,000 by MUDA, the complaint stated.

Interestingly, Manjunath does not own any of the land acquired by MUDA during the construction of these layouts. Even the document used to register the sites in his favour does not mention any land lost by Manjunath.

Despite this, Manjunath, who did not lose any land to MUDA, was illegally allotted sites worth crores of rupees.

High Court Writ Petition

The registration of these sites references High Court Writ Petition No. 25130/2022, dated 15-12-2022, as the basis for approval. Strangely, the petitioners in this case are listed as Shivamma, M.N. Shobha, Rajasekhar, and Pradeep Kumar — and not Manjunath.

However, it is claimed that Manjunath acted as their General Power of Attorney (GPA) representative.

Mysuru-Bengaluru Highway NH-275

Highway Authority floats tenders for service roads

Works to be completed by 2026

A file photo of Mysuru-Bengaluru National Highway 275.

Mysuru, Dec. 8 (AG&BCT)- In a major step towards alleviating commuter challenges on the Mysuru-Bengaluru National Highway 275, the National Highways Authority of India (NHAI) has unveiled plans to complete the construction of service roads.

This initiative aims to enhance connectivity for towns along the 119-km Highway, ensuring seamless access for vehicles entering and exiting the route.

The absence of continuous service roads has long posed difficulties for travellers accessing nearby towns. With the proposed developments, including underpasses, overpasses and service roads, these issues are expected to be resolved, offering smoother and safer transit for all users of this tolled Highway.

Although the Mysuru-Bengaluru National Highway 275 was designed to reduce travel time and streamline traffic, the absence of complete service roads due to obstacles like railway lines has created significant challenges for commuters.

Gas pipeline project resumes after long delay

Pipelines are being lifted to be placed underground at Bannimantap in city yesterday.

Mysuru, Dec. 8 (RK&BCT)- The ambitious initiative to provide 'direct to home' Piped Natural Gas (PNG) to every household in Mysuru city has resumed after a delay of one and a half years. Works have restarted with fresh instructions from the Urban Development Department and residents will soon be able to access affordable cooking gas.

Pipelines have already been installed in localities like Dattagalli in Ramakrishnanagar, Kuvempunagar and Hebbal, with connections provided to homes. The project aims to create a large gas pipeline along the Outer Ring Road, connecting all areas of Mysuru city.

Impressionz brings the best of Indian Weaves to Mysuru

Impressionz, the epitome of fashion curation, is back to dazzle Mysuru's discerning fashionistas with the timeless charm of Vaishnavi Silks. **On Dec. 9 and 10,** step into the **Boardroom at Hotel Southern Star on Vinoba Road** and discover an exquisite world of India's rich handwoven traditions.

This showcase, which is open **from 11 am to 8 pm on both the days,** brings together some of the finest sarees, blending heritage and artistry in every weave. The collection features stunning Kanchi Silks, Banaras Silks, Kanchi Kalamkari, Tussar, Georgettes, Tissue Sarees and Organza Work Sarees, meticulously crafted to highlight the unmatched beauty of Indian craftsmanship.

Vaishnavi Silks takes immense pride in sourcing its breathtaking collection directly from the skilled weavers and artisans of India, ensuring each saree is a genuine masterpiece.

From the intricate zari work of Kanchi to the opulent patterns of Banaras and the earthy elegance of Tussar, every weave is a labour of love that reflects the cultural heritage and artistry of its region. By collaborating with these artisan communities, Vaishnavi Silks not only preserves age-old weaving traditions but also supports sustainable livelihoods, making every purchase a celebration of craftsmanship and purpose.

EDITOR'S BOTTOMLINE

THERE IS GOOD IN GOODBYE: ***Even as we keep growing and branching out in the now, our roots remain connected to what we see and learn in our childhood. It is like going backwards in a train; everything vanishes quickly and yet you become keenly aware of the beauty and wisdom in moments as you revisit them.***

My parents play cards to amuse themselves and to fritter away time. When we were young we often played with them and anyone else who cared to join in. Some of those games required us to form a pair and it so happened that more often than not my father and I teamed up. A lot of the games we played required us to hold on to particular cards and let go of them at the right time to win the game. When we won, my father would applaud the exact moment when I dropped the right card creating a domino effect that led to us to triumph. And when we lost, he again suggested I should have dropped a certain card at a particular moment.

Now, when I watch my parents play cards, I find myself ruminating on how life inadvertently teaches us things that we often understand in retrospect. Just like in the game of cards, in life, it's hard to reach a fulfilling conclusion unless you let go, at the right time, things, people and situations that hold you back from moving up and forward.

There is a time to hold on to things, and more importantly, there is a time to let them go. Sometimes, you'll even find that letting go is necessary; simply for the reason that what you are holding on to is heavy and the burden lays leaden on your happiness. Unless you let go, realize that the situation is over, you are unable to move forward. You have to literally and figuratively drop the card from your hand. It has to go so that you can plan again and readjust what you are dealt with. Letting go develops greater acceptance for the present moment, freeing up mental and emotional energy to actualise how you want things to be. You cannot change the cards life dealt you, but you sure can shed the ones you don't want to hold anymore. —*Aditi Pant in Deccan Herald*

Non-Spanish wins Spanish scrabble championship

France: Nigel Richards was already known as the world's best scrabble player and had earned nicknames like 'the Tiger Woods of Scrabble,' but this was completely unheard of. A person who didn't speak French at all had run through the world's best French-speaking Scrabble players to earn the title of world champion. Some thought it was a fluke, but Nigel has repeated the feat since, and he recently proved he could do it in other languages he didn't speak.

Last month, Nigel Richards won the 2024 Spanish-Language Scrabble World Championship in Granada, Spain, despite not speaking the language. He does it by memorising a remarkable number of Spanish words, without bothering to learn their meaning.

"The challenge was a bit crazy, but he learned French vocabulary in only nine weeks. He's a fighting machine. To him, words are just combinations of letters. I'm perhaps exaggerating a bit, but he comes up with scrabbled (words with more than seven letters) that others take 10 years to know," Yves Brenez, Vice-President of the Belgian Scrabble Federation, said about Nigel in 2015.

World's oldest newlyweds

Philadelphia: A 100-year-old man and a 102-year-old woman, who met at their senior living home in Philadelphia, ended up falling in love and getting married, earning them a Guinness World Record as the world's oldest newlyweds.

Guinness World Records confirmed Bernie Littman and Marjorie Fiterman broke the record for the oldest couple to marry (aggregate age) when they tied the knot at the senior living facility where they both reside on May 19. Littman and Fiterman met at a costume party at the facility and later discovered they had both attended the University of Pennsylvania at the same time, but never crossed paths as students.

HEALTH CAPSULE

Cause: Diarrhea is commonly caused by viral, bacterial, or parasitic infections from contaminated food or water.

Symptoms: Frequent, loose stools; abdominal cramps; nausea; and dehydration.

VOICE OF THE READER

Vehicles plying on wrong side of Sahukar Chennaiah Road

Sir,

A few days ago, a reader highlighted in this column that vehicles were frequently using the wrong side of Sahukar Chennaiah Road, Saraswathipuram.

Unfortunately, it seems the Traffic Police have taken no action so far. It's a sad reality that authorities often act only after a fatal accident occurs.

This morning (5.12.2024), a fully loaded tipper lorry (KA-09-B-6854) was seen blatantly driving on the wrong side of the road. To make matters worse, the driver was rash and occupied the middle of the wrong lane, endangering other road users.

Motorists, please exercise caution, as it appears the Traffic Police are unlikely to address this growing menace anytime soon.

MLA promises reconstruction of Ustad Sreenivasannanavara Garadi Mane

SOM impact

MLA K. Harishgowda inspecting Ustad Sreenivasannanavara Garadi Mane in Lashkar Mohalla yesterday.

Mysuru, Dec. 8 (MK&VNS)- MLA K. Harishgowda visited Ustad Sreenivasannanavara Garadi Mane, Benki Nawab Road in Lashkar Mohalla, which was damaged due to recent rainfall, yesterday and promised to reconstruct the traditional wrestling house without compromising its heritage look.

Star of Mysore had carried a news on Dec. 4 titled 'Ustad Sreenivasannanavara Garadi Mane cries for help' in which it was mentioned that the wall of the 188-year-old Garadi Mane had collapsed while the wrestlers were practicing.

Earlier, representatives of the wrestling school had sought financial aid from people representatives for the renovation works as the wall had developed cracks. However, except for an inspection of the spot no other works were carried out.

Harishgowda, who inspected the wrestling house, promised to construct a new Garadi Mane keeping its aesthetic and heritage values intact.

Speaking to *SOM*, Harishgowda said MLALAD and MCC funds would be utilised for the construction. "Rs. 50 lakh is expected to be the expenditure for the construction of new wrestling house. There are many traditional wrestling houses in Mysuru which are in dilapidated conditions. The renovation works of wrestling house coming under Chamaraja Constituency would be taken up in the days to come," he added.

Ex-Corporator J. Gopi, MCC Assistant Commissioner Prathiba, AEE Venkatesh, Garadi Mane representative Venkatesh, Srinivas and Anand were present.

Health camp for Forest Guards at Nagarahole Tiger Reserve

Mysuru, Dec. 8 (BCT)- Beru Seva Trust, in collaboration with BGS-Global Institute of Medical Science, had organised a health check-up camp for Forest Guards of the Nagarahole and Kallalla Wildlife Zones in Nagarahole Tiger Reserve recently.

The camp underscored the need for holistic health care for Forest personnel, who play a critical role in safeguarding natural ecosystems.

Addressing the gathering, Assistant Conservator of Forests (ACF) J. Ananyakumar remarked, "It is often challenging for Forest personnel to receive outside assistance. Camps like these significantly contribute in improving the health of Forest staff and instil a sense of precaution."

D. Suman Kittur, Founder-Trustee of Beru Trust, highlighted the organisation's commitment to human values, nature conservation and peaceful coexistence.

Fellow Trustee and actor Kishore Kumar emphasised the importance of collective responsibility toward environmental preservation.

Noted artiste Meghana Gaonkar also addressed the gathering, urging respect for both the environment and its protectors.

The camp offered general health check-ups, anthropometry, sugar and blood pressure testing, haemoglobin estimation and ECG services where required. Additionally, over 70 staff members and students of the Government Valmiki Ashrama School were screened for skin diseases. An expert doctor also conducted a session on healthcare and cleanliness.

Dr. Prayag & a team of BGS doctors, led by Dr. Satish Chandra, conducted an interactive session with Forest Guards, focusing on managing animal bites, first-aid & handling medical challenges unique to their roles.

The event was supported by the Swarna Nrisimha Dattasai Peethika Trust, Charish Foundation and the Forest Department.

Range Forest Officer (RFO) Manjunath and DRFO Naveen Rawat, Beru Trust Members Rekharani, Suchitra Venugopal, Srinivas, Surabhi, Vishnu Kumar, Yashoda, Harshita Vishnu and Gayatri were present.

Repair works of leaking MCC roof to commence tomorrow

Mysuru, Dec. 8 (RK&KS)- The works on repairing the Mysuru City Corporation (MCC) office main building on Sayyaji Rao Road in city, which is leaking following recent rains, will be taken up from tomorrow.

As there was no provision made to allow smooth passage of rain water on the terrace of the heritage building, rain water began to seep from the roof. The recent downpour had caused extensive leakages across offices and chambers, including the MCC Commissioner's chamber and the Old Council Hall. Even a portion of the Plaster-of-Paris (PoP) false ceiling in Nalwadi Krishnaraja Wadiyar New Council Hall on the ground floor had collapsed.

After obtaining permission from the Heritage Department to install pipes for smooth flow of rain water and repair the building keeping the heritage values intact, a Detailed Project Report (DPR) has been prepared with an estimate of Rs. 80 lakh for the repair works. Tender process has been completed and the tender has been awarded to one Ashok Kumar besides issuing him the work order to commence the repair works.

Ashok said, there was a delay in taking up repair works as construction equipment has to be brought from Jodhpur in Rajasthan and workers with skills in repairing heritage buildings have to be brought from Jharkhand.

As of now, a machine to grind lime stones and other equipment has been placed in MCC premises, Ashok said. "As lime stones will arrive on Monday, the works will commence from tomorrow and will be completed in a month's time," he added.

Meanwhile, MCC officials have got a portion of the PoP false ceiling in the New Council Hall, which had collapsed, repaired.

23 MUDA sites allotted for just Rs. 3,000 each

(Continued from page 1)

Advocate Ravikumar analysed the Court order, pointing out that the Court only instructed MUDA authorities to make a legally appropriate decision within three weeks based on the petitioners' plea. Nowhere does the order direct that sites be allotted as compensation to the petitioners or their GPA representative, Manjunath.

What does the rule say?

According to Rule 2(c) of the Karnataka Urban Development Authorities (Allotment of Sites in Compensation for Land Acquisition) Rules, 2009, a landowner must hold rights to the land on the date of entering into an agreement with the authority (MUDA) for acquisition.

In his complaint, Krishna has pointed out that Manjunath does not qualify as a landowner under this rule. Hence, allotting sites to him as compensation is illegal.

It is alleged that although Manjunath did not lose any land for MUDA layouts, officials illegally allotted sites in his name.

Furthermore, during the approval and registration process, they deliberately concealed the information that Manjunath was acting as a GPA representative, according to the complaint.

Role of Additional District Sub-Registrar

In this case, not only MUDA officials but there is a clear involvement of Additional District Sub-Registrar Kavya. Despite being aware that Manjunath was not a landowner but merely a GPA representative, this fact was deliberately concealed during the registration process.

Although sites worth crores of rupees were illegally allotted to Manjunath for just Rs. 3,000 each, the registering authority failed to collect registration fees based on the actual value of the sites. Instead, Kavya charged only Rs. 600 per site, in clear violation of rules and causing a significant loss to the Government, the complaint stated.

The land allocation documents do not mention the landowner's name or details of the land acquired. This raises a critical question: What land did Manjunath, a real estate entrepreneur, lose to MUDA for which he was compensated with 23 sites? Upon reviewing the documents, it appears that sites worth crores of rupees were allocated to Manjunath, Krishna stated.

Therefore, a thorough investigation should be conducted, and action should be taken against former MUDA Commissioner Dinesh Kumar, real estate entrepreneur Manjunath, and all officials concerned, stated the complaint filed by Krishna to the Lokayukta Police on Nov. 1, 2023. This complaint was referenced in a letter to Prime Minister Modi.

Tenders for service roads

(Continued from page 1)

Currently, vehicles travelling to or from towns such as Bidadi, Channapatna and Maddur are forced to take long detours to access the Highway. The planned construction of service roads will address these issues, providing direct and efficient access for commuters.

116.5 km of service roads

Speaking to Star of Mysore, NHAI Project Director Rahul Gupta explained that while the 119-km Highway includes 116.5 km of service roads, a three-kilometre stretch at Bidadi, Channapatna and Mandya still lacks this crucial infrastructure.

"At Bidadi, railway lines pose a significant challenge to constructing service roads. As a result, service roads in this area will be built on only one side of the highway," said NHAI Project Director Rahul Gupta. He further noted that service roads are also required at the starting and ending points of the Highway in these towns to improve connectivity.

Plans to construct these service roads are already in motion. "Tenders have been invited, and once finalised, the contractor will have 24 months to complete the work. We aim to finish the project by 2026," he added.

The directive to construct service roads has come from NHAI's New Delhi headquarters, with funding allocated from road work upgrade budgets.

Service road dimensions and toll booths

The new service roads will be 7 metres wide and equipped with toll booths at all entry and exit points connecting to the main Highway. Every entry and exit will have a toll collection booth to manage access effectively.

Surveys have been conducted to identify areas requiring additional infrastructure, such as underpasses and overpasses, to address challenges posed by railway lines and uneven terrain.

In a parallel development, NHAI is implementing a satellite-based toll collection system to minimise congestion at toll plazas. The Global Navigation Satellite System (GNSS) will be installed at two toll points, allowing vehicles to pay tolls seamlessly without stopping.

The Indian Highways Management Corporation Limited (IHMCL), a subsidiary of NHAI, is overseeing this initiative. With surveys and studies completed, the tendering process for GNSS installation is set to begin shortly.

Once operational, the system is expected to significantly reduce delays caused by conventional toll booths, enhancing the overall travel experience.

Advocate General protecting accused, alleges petitioner

Bengaluru, Dec. 8 (Agencies)-

Krishna

The petitioner in the MUDA case, allegedly involving Chief Minister Siddaramaiah and his family, claimed yesterday that the Advocate General was protecting the accused rather than safeguarding the Government's interests.

Petitioner Snehamayi Krishna wrote a letter to Advocate General Shashi Kiran Shetty, objecting to his legal opinion provided to the Urban Development (UD) Secretary concerning the property in survey number 464, located in Kesare village, Kasaba Hobli, on the outskirts of Mysuru city.

Krishna stated that he had obtained a copy of the opinion given by the Advocate General to the Secretary of UD Department and was surprised by it.

"Being a responsible officer, you have provided an opinion that protects the accused. Like someone ignorant of the law, you have failed to protect Government property, and I am seeking clarification and authorised documents in this regard," Krishna wrote in his letter.

Seeks accountability

"Ours is a democratic country, and the people are supreme. You are paid from public funds and are accountable to the public. I am submitting this petition under Article 51A of the Constitution to question your actions and seek accountability," he stated.

Krishna raised several legal questions, stating, "The law requires property worth more than Rs. 100 to be mandatorily registered. Is it not illegal to transfer property worth lakhs of rupees based solely on statements on white paper? Is it tenable for officers like you to support this?"

"According to the relinquishment deed, the property rights were transferred to Mylarappa. How could it become the property of Ninga aka Javara after 23 years in 1993? The 1993 statement should have mentioned the relinquishment deed of 1968. Isn't concealing this and obtaining a statement against the law a crime? Is this statement lawful according to you?"

Krishna also questioned how the revenue officers could transfer land in the name of the fourth accused, landowner J. Devaraju, and called for a probe into the influence behind these actions.

Fake allotment letters

"Why have you (Advocate General) not given your opinion on initiating action against the officers involved? "You have stated that the allotment of sites to the second accused, B.M. Parvathi, wife of CM Siddaramaiah, is legal. Even though the Government notification states that land allotments should not be made under the 50:50 ratio, fake allotment letters were created showing that such an allotment is allowed. Is this not a crime?"

"The minutes of the meeting were fraudulently created, and based on this, an allotment letter was issued. Is this not a crime? According to your opinion, the allotment of sites to CM Siddaramaiah's wife Parvathi is appropriate. There is a rule that the allotment should be made in the locality where the acquired land is located. Parvathi should have been allotted sites in the Devanur Third Stage, not in the upscale Vijayanagar. Why was she given sites in Vijayanagar?"

Krishna said, "All these facts suggest that CM Siddaramaiah used his influence to have the sites allotted in his wife's name when he was the Leader of the Opposition."

In his 10-page submission, Krishna warned, "If you do not provide clarifications in this regard, it will be inevitable to complain about you with the appropriate authorities to initiate action."

2024 saw 50 deaths against 188 in 2023: Nitin Gadkari

Mysuru, Dec. 8 (Agencies)-

Nitin Gadkari

The number of accidental deaths on the 119-km Mysuru-Bengaluru Highway has significantly decreased following the implementation of the Advanced Traffic Management System (ATMS). Since September 2024, there have been no reported fatalities, Union Minister for Road Transport and Highways Nitin Gadkari informed Lok Sabha on Dec. 5.

Gadkari was responding to queries raised by Alathur MP K. Radhakrishnan regarding the deployment of Intelligent Transport Systems (ITS) on National Highways and reviews conducted on accident data before and after ITS implementation.

Impact on Mysuru-Bengaluru Highway

Gadkari highlighted that ATMS can be implemented as part of ATMS or integrated into broader Vehicle-to-Everything (V2X) communication networks. The primary goal of ATMS is to reduce accidents, traffic violations and incident response times.

He added that the Government plans to roll out ATMS solutions on Highways and Expressways in a phased manner. The Mysuru-Bengaluru Highway is the first and only Highway in India where ATMS implementation has been completed.

A review of accident data revealed a sharp decline in fatalities following the system's implementation in July 2024. Gadkari said that in July 2024, there were six accident-related deaths, two deaths in August 2024 and from September 2024 onwards there were zero fatalities reported.

In comparison, the Highway recorded 188 accident-related deaths in 2023. Highest fatalities were reported in May (29) and June (27), while March and April each saw 20 deaths.

Fatalities in 2024 - Before ATMS Implementation: January - 12 deaths; March and June - Nine deaths each; February and July - Six deaths each, April and May - Three deaths each, he said.

Disruption in power supply

Mysuru, Dec. 8- As Chamundeshwari Electricity Supply Corporation (CESC) has taken up 3rd quarterly maintenance works at 66/11 KV Bannimantap Power Receiving Centre and 220/66/11 KV Vajamangala Power Distribution Centre, power supply will be disrupted in the following areas on Dec. 10 between 10 am and 5.30 pm:

66/11 KV Bannimantap Power Receiving Centre: Kesare 1st & 2nd Stages, Subhashnagar, Shobha Garden, R.S. Naidu Nagar, N.R. Garden, Belavatta, Shyadanahalli, Naganahalli New Layout, K.R. Mill Colony, Varuna Canal, Siddalingapura, Kalastavadi, Lakshmipuram, S.S. Nagar, Cauvery Nagar, Siddiqui Nagar, Hanumanthanagar, Mother Box Highway Circle, KSRTC Depot, Haleem Nagar, Bavi Bhavan, JSS Dental College, St. Joseph's Hospital and surrounding areas.

220/66/11 KV Vajamangala Power Distribution Centre: Mellahalli, Harohalli, Halekerehundi, Shivapura, Halagaiahanahundi, Pillahalli, Varakodu, Badagalahundi, Moodalahundi, Kempegowdanahundi, Varuna, Dandikere, Vajamangala, Mosambayanahalli, Yandalli, Sajjehundi, Jantagalli, Mahadeshwara Layout, Indus Layout, Bhugatagalli Gate, Chikkahalli, Choranahalli, Bhugatagalli, Nadanahalli, Police Layout, Netajinagar, IPS Nagar, Lal Bahadur Shastri Nagar, SMP Developers, Shobha Developers, Yashaswini Hill View, Varakodu, JSS Layout, Vasanthanagar, Sukhadayi Layout, Shanthaveri Gopal Gowda Nagar, Saptamatruka Layout, Sahrudaya Nagar, Prakruti Layout and surrounding areas, according to a press release from the Executive Engineer, Chamundeshwari Electricity Supply Corporation, N.R. Mohalla Division.

Carol singing competition heralds Christmas season

Over 6,000 participants from Mysuru, Mandya, Chamarajanagar, Kodagu take part

Apostolic Administrator of Diocese of Mysore Most Rev. Dr. Bernard Moras lighting the lamp to inaugurate the 32nd Carol Singing Competition organised by Carmel Catholic Association (CCA) at Maharaja's College Centenary Hall in city this morning as (from left) CCA Advisor Rev. Fr. Rijo Thomas, CEO and ED of Rishi FIBC Solutions Pvt. Ltd. Joseph Fransis, CCA President Prof. Joseph Mathew, Convenor M.K. Johny and Executive Committee Member Sheela Mohan look on. Pictures right & below show children taking part in the 32nd Carol Singing Competition.

Mysuru, Dec. 8 (RK&KS)- The 32nd Carol Singing Competition, organised by the Carmel Catholic Association (CCA) in Mysuru, kicked off this morning at the jam-packed Maharaja's College Centenary Hall.

The competition is being held to celebrate the joy and goodwill of the Christmas season, spreading messages of love, peace and unity through carols.

The event was inaugurated by the Apostolic Administrator of the Diocese of Mysore, Most Rev. Dr. Bernard Moras, with the presence of CCA Advisor Rev. Fr. Rijo Thomas, CEO and ED of Rishi FIBC Solutions Pvt. Ltd. Joseph Fransis, CCA President Joseph Mathew, and other dignitaries.

A total of 108 teams are participating in the competition, which is divided into 12 categories, including schools (1st to 12th standard), colleges (PUC, degree, and above), institutional staff, Catholic churches and churches of other Christian denominations.

The teams will sing carols in English, Kannada and other regional languages. Each team consists of 5 to 50 members, with a time limit for each performance. Additionally, children will present skits and short plays about the birth of Jesus Christ.

Winners in each category will receive attractive trophies and cash prizes. The school with the highest overall points will be awarded the coveted Champions Trophy.

The valedictory ceremony will take place at 6.30 pm, with Director of the Karnataka Police Academy (KPA) Chennabasavanna and Bishop of Mandya Diocese Mar Sebastian Adayantharath as the chief guests.

The Mandya Bishop will deliver the Christmas message and valedictory address.

Rev. Fr. Augustine Payampallil, Provincial of St. Paul's Province Mysore and Patron of CCA, and Moideen, Chairman of Loyal World Group, will be the guests of honour. CCA President Prof. Joseph Mathew will preside over the valedictory.

Gas pipeline project resumes after long delay

(Continued from page 1)

AG&P Pratham India, the project contractor, had initially received permission from the Mysuru City Corporation (MCC), which set a fee of Rs. 1,857 per metre for laying the pipeline and an additional supervision fee of Rs. 100, totalling Rs. 1957. As per the agreement, the company had to pay the MCC Rs. 1957 to dig the roads, per metre.

However, after the Central Government reduced the permission fee to Rs. 1 per metre, the MCC faced a revenue loss of Rs. 25.06 crore. Reducing the money, the Government had published a Gazette notification that Re. 1 must be paid by the company to the MCC (and all the other City Corporations implementing the project) and this would help reduce the gas prices to the consumers.

However, some Corporators insisted on maintaining the original rate set by the MCC Council. In response, a letter was sent to the Secretary of the Urban Development Department, who directed that the rules in the gazette (mentioning Re. 1 per metre) should be followed. This led to the resumption of the pipeline installation project. Currently, the company has intensified work, digging trenches across various parts of Mysuru, including areas on Outer Ring Road in Nivedithanagar, Vidyaranyapuram & Udayagiri. Company Supervisor Sanjit Suman stated that the project is expected to be completed within 6 to 7 months, ensuring gas supply to all homes via pipeline connections.

> **"The company has been instructed to immediately dig trenches, install the pipes and close them to ensure safety. Additionally, a signboard must be installed to indicate that the work is in progress, ensuring public safety. Corporation officials are also conducting periodic inspections and taking necessary precautions to maintain safety standards."**

ED raid: Former MUDA Commissioner moves HC

Bengaluru, Dec. 8 (Agencies)- Former Mysuru Urban Development Authority (MUDA) Commissioner Dr. D.B. Natesh has approached the High Court of Karnataka, challenging the legality of searches conducted by the Enforcement Directorate (ED) at his residence and the subsequent recording of his statements in connection with alleged illegalities in site allotments by the authority.

Dr. Natesh

In the petition, Natesh contended that he had no involvement with any alleged proceeds of crime the ED is investigating. Justice Hemant Chandangoudar issued notice to the ED and instructed it to provide material evidence demonstrating compliance with the provisions of Sections 17 and 50 of the Prevention of Money Laundering Act (PMLA), 2002. The hearing has been adjourned to Dec. 9.

Senior counsel Sandesh J. Chouta, representing Natesh, argued that the ED conducted a raid at Natesh's residence on Oct. 28 and 29, 2024, without adhering to Section 50 of the PMLA, 2002 and recorded his statement under oath.

The petitioner claimed that according to Section 17(1)(f) of the PMLA, a person can only be subjected to a statement recording when they are found in possession or control of relevant records or property. Without this condition being met, the raid violated fundamental rights, he argued.

Natesh further asserted that the ED failed to discover any incriminating material during the raid and summoned him under Section 50 of the PMLA in violation of the law.

Natesh also contended that, before conducting the raid, the ED was required to record in writing the reasons for believing he had committed an act of money laundering. However, the raid was carried out without such documentation, invalidating the entire operation.

Additionally, Natesh argued that there was no evidence linking him to any alleged offence related to the PMLA. Following the raid, the ED issued a *Panchanama* on Oct. 29, which stated that despite conducting a two-day search, it failed to recover an iPhone 16 Pro and a master copy of the data extracted from the phone, both of which belonged to Natesh.

BJP dares Government to take back all 50:50 MUDA sites

City BJP President L. Nagendra addressing media persons at City BJP Office at Chamarajapuram on Saturday as Krishnaraja MLA T.S. Srivatsa, BJP Rural President L.R. Mahadevaswamy and others look on.

Mysuru, Dec. 8 (GA&BS)- Former MLA and City BJP President L. Nagendra has dared the State Government to exhibit its will by withdrawing all 928 sites allotted under 50:50 scheme by MUDA.

He was addressing media persons at the City BJP Office at Chamarajapuram yesterday.

Welcoming the decision of Chief Minister Siddaramaiah's wife Parvathi to return 14 sites allotted to her by MUDA and the State Government cancelling the allotment of 48 sites at Dattagalli here, Nagendra reminded the Government about the process of allotting sites under the same scheme gaining momentum after the Urban Development Department Secretary wrote to MUDA to stop the allotment of sites in October 2023. Hence all such sites should be withdrawn, demanded Nagendra.

Launching a tirade against the State Government, Nagendra said, the irregularities reached the peak especially after Congress came to power. Previous MUDA Commissioner G.T. Dinesh Kumar alone lacks the *chutzpah* and all these irregularities have been committed at the behest of Urban Development Minister Byrathi Suresh. The Government also has a role to play and hence the fear from taking any action against Dinesh Kumar and his predecessor Dr. D.B. Natesh.

The middlemen have benefited from most of the sites allotted under 50:50 scheme. Interestingly, one Nagaraju has been allotted site in the dimension of 80,000 square feet, but the land owner was not aware of the same. In its recent letter to Lokayukta, the Enforcement Directorate (ED) has underscored the illegal allotment of over 1,000 sites.

The Congress High Command appears lacking in strength to initiate any action against CM Siddaramaiah, said Nagendra.

Krishnaraja MLA T.S. Srivatsa said, Deputy Commissioner who holds the concurrent charge of MUDA Chairman should lodge a complaint at the Police Station to file a First Information Report (FIR). A criminal case should also be filed against the missing MUDA files. A few more MUDA officers remain to be arrested.

Revised norm for minorities flayed

State BJP Spokesperson M.G. Mahesh criticised the decision of the Government to revise the norm of 85 % admission of students belonging to minority communities at educational institutions belonging to the minorities, to 50 % to obtain the grant in aid.

Death audit must

Saying that the BJP will be lodging a complaint against Health Minister Dinesh Gundu Rao and the Government, over the death of five women at Ballari Medical College and Research Centre, Mahesh also demanded the Death Audit, as in the last one year, 250 maternal deaths and 100 child mortality cases have been reported.

Tracker Dog Squad Training Centre opens at Bandipur

First-of-its-kind special task initiative in India within any tiger reserve

Dr. Malathi Priya, Conservator of Forests, Mysore Circle, inaugurating the Tracker Dog Squad Training Centre at Melukamanahalli in Bandipur recently as Dr. P. Ramesh Kumar, Director of the Tiger Project and others look on. Picture right shows Belgian Malinois puppies which will be trained as tracker dogs.

Mysuru, Dec. 8 (MTY&BCT)- To intensify efforts against forest crimes in Karnataka's five tiger reserves, the Forest Department has set up a Tracker Dog Squad Training Centre at Melukamanahalli in Bandipur.

This pioneering initiative is the State's first independent facility dedicated to train tracker dogs. Earlier, the State tiger reserves were supplied with sniffer dogs by Wildlife Trade Monitoring Network TRAFFIC WWF (World Wide Fund for Nature)-India and these sniffer dogs were trained for 7 -8 months at Basic Training Centre - Indo Tibet Border Police Force (BTC-ITBP), Panchkula in Haryana.

The training centre is strategically located near the administration division and safari centre of Bandipur Tiger Reserve, Karnataka's first tiger reserve. The facility, equipped with kennels to accommodate 12 dogs and a storeroom for supplies, is designed to prepare tracker dogs to combat forest crimes.

The centre focuses on detecting forest crimes such as poaching, illegal tree cutting and smuggling of forest produce, preventing human-animal conflicts by identifying and tracking rogue animals, tracking arsonists responsible for forest fires during summer and supporting general law enforcement in forested areas.

Training details

The centre has selected Belgian Malinois, a breed known for its intelligence and adaptability, for its inaugural batch. Out of the 10 puppies brought from a private organisation, 8 puppies have been accepted for training, while 2 were deemed unfit. An additional two puppies will arrive shortly.

Under the guidance of Samarth from Amrith Dog Guru Service, Bengaluru, these puppies are undergoing an intense 10-month training programme. Upon completion, two dogs will be deployed at each of the State's five tiger reserves: Bandipur, Nagarahole, Biligiriranganatha, Bhadra and Kali.

For each dog, two personnel from the respective reserves will be assigned for handling and management, totalling 20 trained personnel. These dogs are referred to as Wildlife Sniffer and Wildlife Offence Tracking Dogs. In addition to their wildlife sniffer capabilities, they are trained to track forest and wildlife offenders and detect offences.

The training centre aims to train 10 dogs annually to cater to the needs of the entire State of Karnataka in addressing forest and wildlife offence cases. This initiative by the Karnataka Forest Department is the first of its kind in the country within any tiger reserve.

The Tracker Dog Squad Training Centre was officially inaugurated yesterday by Dr. Malathi Priya, Conservator of Forests, Mysore Circle. Several prominent officials attended the event, including Dr. P. Ramesh Kumar, Director of the Tiger Project, S. Prabhakaran, Director of Bandipur Tiger Reserve, N.P. Naveen Kumar, Assistant Conservator of Forests, B.M. Mallesh, Range Forest Officer and Amrith Sridhar, dog trainer.

A legacy of tracker dogs: Remembering Rana

Bandipur Tiger Reserve has a rich history of deploying tracker dogs to solve complex cases. A notable example is Rana, a German Shepherd who served for eight years. Rana played a key role in solving high-profile cases, including apprehending poachers, sandalwood thieves, illegal tree cutters and arsonists.

Rana also famously tracked a rogue tiger that killed people near a tea estate in the Mudumalai Tiger Reserve, Tamil Nadu. Following Rana's retirement and eventual passing away, Drona, another German Shepherd, now carries forward this vital legacy.

The launch of the Tracker Dog Squad Training Centre underscores the Karnataka Forest Department's commitment to conserving wildlife and safeguarding forest resources. This initiative is expected to enhance the efficiency of forest crime detection, minimise human-animal conflicts, and strengthen overall forest protection in the State's tiger reserves.

Flyover, more entry, exits soon on Mysuru-Bengaluru Highway: MP

Yaduveer

Mysuru, Dec. 8 (SPN&BS)- Mysuru-Kodagu MP Yaduveer Krishnadatta Chamaraja Wadiyar has said, the Centre has given its green signal to streamline traffic on Mysuru-Bengaluru Highway by providing additional entry and exit points and the construction of flyover.

He was addressing media persons at his office in Command Area Development Authority (CADA) premises here on Saturday.

Yaduveer said, there has been a substantial rise in traffic density at the entry point of Mysuru- Bengaluru Highway near Manipal Hospital junction. To facilitate the traffic flow, there was a demand from the public to build a Flyover. Now, the tender process has begun and the works are expected to start in six months.

Two toll plazas are functioning near Ganangur in Srirangapatna taluk in Mandya district and Bidadi in Ramanagara on the Highway. A total of 28 entry and exit points will be coming up between these two toll plazas and the vehicle users shall be charged the toll as per the distance travelled on the Highway.

The Department of Railways has approved plans to build Rail Over Bridge (ROB) at Bidadi, Channapatna and Mandya at an estimated cost of Rs. 711 crore. It will be helpful in uninterrupted movement of trains and rural folk at the said junctions, said Yaduveer.

He also informed that, the report of Expert Committee is awaited for the proposed diversion of Mysuru-Nanjangud road in front of Mysore Airport and to construct a tunnel for the rail track that passes near the Airport. Along with this, it has been advised to conduct a survey involving Karnataka Power Transmission Corporation Ltd (KPTCL), over the plans to shift the power to the underground or overhead line. Besides, talks are being held with various flight operators to connect more routes from the Airport.

Yaduveer also assured to raise the issues related to MUDA scam and multi-crore scam at Karnataka Maharshi Valmiki Scheduled Tribes Corporation Limited, again at the Lok Sabha.

Prime Minister Narendra Modi, who is in the office for consecutive third term, has implemented several schemes including Kisan Samman for the benefit of farmers. The issues bothering coffee and tobacco growers in Mysuru-Kodagu LS Constituency have been resolved. Accordingly, if the demands of farmers on protest in Delhi were just, the Centre is ever ready to address them, said Yaduveer.

DKS flayed over hinting at revoking ban on night traffic at Bandipur

Demanding the intent behind the statement of Deputy Chief Minister D.K. Shivakumar to revoke the decision on banning night traffic through Bandipur Forest area, MP Yaduveer Wadiyar, referred to the developments witnessed so far, with most of the public, including CM Siddaramaiah not in favour of revoking the ban on night traffic.

The environment lovers are opposed to any such move to lift the ban, with the High Court banning the night traffic. During the tenure of previous State BJP Government, those in dispensation were averse to any talks with Kerala State Government, said Yaduveer.

Ambulance damaged as huge tree falls

Mysuru, Dec. 8 (MK&KS)- An ambulance belonging to a private hospital was severely damaged as a huge tree fell on it.

The incident took place at Saraswathipuram 14th Main Road here yesterday.

Luckily, there were no patients or people in and around the ambulance when the tree fell, thus averting a major mishap from happening.

Traffic was disrupted for some time on the road and the MCC Abhaya - 2 team members Shivu, Anand, Raghu, Prasanna and Indra, who reached the spot, cleared the fallen tree and made way for smooth flow of traffic.

Obituary

Zojaye Mohammed Ghouse

Mysuru, Dec. 8- Zojaye Mohammed Ghouse (57), wife of Haji Ameen Mohammed Ghouse and a resident of 3rd Cross, Bannimantap C-Layout, passed away following brief illness at a private hospital in city yesterday.

She leaves behind her husband, a son, two daughters and a host of relatives and friends.

Namaz-e-Janaza was held yesterday at Masjid-e-Firdous, Bannimantap, C-Layout after Isha prayers (8.30 pm), followed by the burial at the Muslim Burial Grounds near Tipu Circle, according to family sources.

PUBLIC NOTICE

CLARIFICATION ISSUED BY

SRI N MANJUNATH

'Karthika Developers'

No.251, New No.8, 46th Cross, Jayanagar 8th Block, Bangalore – 560 078

IN RESPECT OF THE FALSE, FRIVILOUS AND BASELESS ALLEGATIONS MADE AGAINST HIM IN THE ELECTRONIC MEDIA

I, am issuing this clarification in view of the false, frivolous and baseless allegations made by certain individuals, which is aired on electronic media repeatedly, to the effect that I have been allotted sites at the rate of Rs.3000/- per site by the Mysore Urban Development Authority at Mysore and that the stamp duty payable as per the Stamps and Registration Acts has not been paid to the Department of Registrations, thereby causing loss to the Government exchequer and further to the same, I have made wrongful gains in connivance with the officials of the respective departments.

I would like to state that I am builder and developer by profession having a standing in the society and during the course of my business / developmental activities, I had developed a residential layout at Dattagalli Village, Kasaba Hobli, Mysore Taluk, after taking all necessary approvals, by entering into certain contractual agreements, with the land lords of the said land. The said lands were subject matter of acquisition proceedings which ultimately culminated in favour of the land lords. During the pendency of the acquisition proceedings, the Mysore Urban Development Authority had utilized certain extent of the land for public purpose, like laying drains and roads, without paying any compensation nor the leave of the court. In addition to the same, at the instance off Mysore Urban Development Authority, I had executed certain civil works for the completion of the incomplete storm water drain running through my layout. Due to all the above-mentioned reasons, the achievable sital area as per the norms of the Mysore Urban Development Authority could not be achieved by me.

After the development of the said lands, I made a representation to Mysore Urban Development Authority, for compensating the loss of the lands utilized by them and pay compensation as per the new Acquisition Act together with the cost of the construction of the civil works executed by me. When my representation was not considered I have approached the courts of law for the redressal of our grievances and the court has ordered for the allotment of the sites in lieu of the lands utilized by them and the cost of construction payable by them. It is on this back ground that the sites came to be allotted to me, by the Mysore Urban Development Authority. It is pertinent here to state that the loss of lands was at Dattagalli Village and the sites have been allotted in the Vijayanagar Area. The sital cost prevailing at both the areas are more or less the same.

In so far as, the site having been sold for Rs.3,000/-, I would like to state that the said sale consideration mentioned in the sale deed is only a symbolic price charged by Mysore Urban Development Authority as the same has been allotted in lieu of the land utilized by the Mysore Urban Development Authority without paying any compensation and the exempted stamp duty as applicable has been paid in pursuance of the same as per the prevailing act. Further, it is true that several sites have been registered by the Mysore Urban Development Authority, on a particular day in my name. However, I would also bring it to the knowledge of everyone, that the litigation in respect of the said lands were fought ever since 2013 and nothing has happened overnight as claimed by certain individual.

Hence, I would like state on record that all my claims are supported by documentary proof and that there has not been any irregularities in respect of the allotments of sites made to me from the Mysore Urban Development Authority and all the officials have acted and exercised their powers within the frame work of law, in the above-mentioned matter and further call upon people not to indulge in making any false, baseless and frivolous allegations / acquisitions, with an whole idea of tarnishing my image and reputation, without knowing the sum and substance or the details of the matter, just to gain popularity and mislead the General Public at large.

Mysore
Dated 07.12.2024

N.MANJUNATH
'Karthika Developers'

Note: I had earlier taken out Public Notice on two other occasions clarifying the same.

WORD OF THE DAY

Paroxysm

Pronunciation: PAIR-uk-sih-zum (noun).
Meaning: Paroxysm is a formal word that refers to a sudden strong feeling or uncontrollable expression of emotion. In medical use, paroxysm refers to a sudden attack or increase of symptoms of a disease that often occurs repeatedly.
Origin: Paroxysm didn't just burst onto the scene recently; its roots go back to ancient Greek. The word ultimately erupted from the Greek verb paroxynein, which means "to stimulate." (Oxynein, a parent of paroxynein, means "to provoke" and comes from oxys, a Greek word for "sharp.") In its earliest known English uses in the 15th century, paroxysm referred to a sudden attack or increase of symptoms of a disease—such as pain, coughing, shaking, etc.—that often occur again and again. This sense is still in use, but paroxysm soon took on a broader and now much more common sense referring to an outburst, especially a dramatic physical or emotional one, as in "paroxysms of rage/laughter/joy/delight/guilt.".
Example: "[Danny] Ray was part of [James] Brown's cape routine for 45 years, assisting him on the song 'Please, Please, Please.' The Godfather of Soul would collapse in a paroxysm of feigned grief during the song, being led away by a solicitous Ray, who draped the singer in a cape. Brown would take a few steps, then return to the microphone. Sometimes, they eschewed the cape, and Brown was merely led away." —Bruce Haring, Deadline, 3 February 2021.

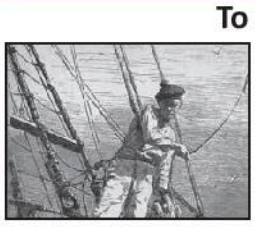
THE ODD WORD

Paedotrophy

Art of rearing children.

PHRASE OF THE DAY

To Plumb the Depths



Meaning: To plumb the depths means to let someone or yourself down severely. It also means to explore intensely.
Origin: This saying has a nautical origin. It derives from when a sailor would be required to lower a lead weight into the sea on a length of rope to determine the depth of the water. In doing so, he would be required to lower the weight to the very bottom of the sea. You are perceived as being as low as the lead weight when you let someone (or yourself) down badly. Also, extending the rope all the way to the bottom means that you have kept going until you have your answer, and this is why to plumb the depths also means to explore intensely.
Example: "I had no money for food. I looked for coins down the back of my sofa and under the seats of my car. I was really plumbing the depths."

QUOTE BOX

Mathematics is merely an auxiliary of science, an appendix to Physics.

—Gabriel Jean Edmond Séailles

RIDDLE THIS

Solve this riddle

THE SAND

Answer: Head in the sand.

3	1	6	2	9	8	7	5	4

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

IXJJQEW: Z JZD XP MQXMIQ

GCX ZEQ KZR ZJ BZJC.

TODAY'S CLUE: M EQUALS P

Friday's Cryptoquip: Join the Army, meet interesting people, and kill them.

Bharatanatyam at GSSSIETW

P. Praveen Kumar

Mysuru, Dec. 8- GSSS Institute of Engineering and Technology for Women (GSSSIETW), Mysuru and Society for the Promotion of Indian Classical Music And Culture Amongst Youth (SPICMACAY), have jointly organised Bharatanatyam Dance Programme by renowned artiste P. Praveen Kumar tomorrow (Dec. 9) at 2 pm at M. Govinda Rao Memorial Hall, GSSSIETW, KRS Road, Mysuru.

P. Praveen Kumar, an empanelled artiste of the Indian Council of Cultural Relations (ICCR) and an 'A' grade artiste on television, believes that dance is the ultimate medium of creative expression and has immense therapeutic value.

He is an accomplished choreographer and has skilfully created several critically acclaimed productions to his credit including Rtu Vismruthi, Vani, Shiva Sutra Jaala, Sakha, Loka Bandhavyam, Anagha Vilasa, Pandharpur and many more.

He has travelled extensively around the globe and in India, taking part in prestigious dance and music festivals and is also the Founder of the Chithkala School of Dance at Bengaluru.

Praveen Kumar will be accompanied by **Smruthi Bhaskar** on vocal, **Dhanya Hoskere** on natuvanga, **Vidyashankar** on mridanga and **Shashank Jodidar** on flute.

For details, contact event coordinators Dr. R. Pradeep Kumar on Mob: 98454-63807 or Dr. S. Nithiyapriya on Mob: 90664-96060 or S.M. Annapurna on Mob: 72042-78725, according to a press release.
